

## Consulting and Services in United States

### Payment Systems and Secure Electronic Transactions

Galitt US, with the support of its parent company Galitt, is focused on providing consultancy services in payment systems and secure electronic transactions.

Aiming at supporting the moves in payment and card technologies in North America, Galitt US is servicing payment schemes, banks, institutions, telcos, vendors and system integrators with consulting services, training sessions and test tools, covering:

- EMV migration;
- Mobile and contactless payments;
- GlobalPlatform and NFC technologies;
- Trusted Service Management (TSM);
- Risk analysis;
- Functional and risk assessments.

#### Domains of Excellence

- **Architecture & Regulation**
  - SEPA, payment schemes
  - Payment factories
  - Acceptance and integration
- **Innovative Technologies**
  - Payment and services on mobile
  - Contactless
  - New means of payment
- **Private and Public Institution**
  - Petrol and private cards
  - E-ticketing and transportation
  - Healthcare
  - Citizen cards
- **Payment System Security**
  - PCI
  - Cryptography

Card Systems,  
contactless, mobile & NFC,  
e-ID, e-ticketing,  
security, loyalty...

#### Galitt US Advantage

- More than 20 years of experience in Payment Systems and Secure Electronic Transactions: a proof of efficiency and a recognition for our service quality.
- A wide set of interrelated business supporting our clients during the whole project life cycle and covering every component of the value chain (card, mobile, terminal, host...).
- The reference for innovative projects using advanced technologies and defining payment architectures for the future.
- A size large enough to address valuable projects while being reactive, close and motivated to work in a human-scale organization.

## CONSULTING & ASSISTANCE

### Business Analysis

Added-value consulting services with expertise in specialized areas and an extensive market knowledge:

- **Products:** cards and other form factors, multi-application...
- **Distribution channels:** branches, e-commerce, self-service banking, m-banking, m-commerce...
- **Markets:** retail banks, private label issuers, retailers...
