

## PRESS RELEASE

### *Galitt Providing Discover® D-PAS Certification Services Expanding Globally*

**Chicago (IL), March 29<sup>th</sup>, 2016**

Galitt is pleased to announce the expansion of its accredited terminal end-to-end certification services under Discover for Diners Club International participants.

This program facilitates EMV migration with accredited Service Providers that work with Diners Club participants to streamline D-Payment Application Specification (D-PAS) certification and bring terminals to market in a timely manner. The purpose is to ensure that payment stakeholders correctly implement D-PAS on their terminals and demonstrate that the deployed EMV-enabled terminal or ATM meets Discover or Diners Club requirements.

Loïc Berton, SVP Emerging Payments of Galitt US, said: "The recent global expansion in the Service Provider program to include Diners Club, is a perfect opportunity for Galitt to provide our full range of certification services in addition to our test tools on global scale. This is a new step in our work with Discover and Diners Club."

"Galitt can now offer a one-stop shop for Discover and Diners Club enabled contact and contactless terminals, which includes D-PAS," said Ellie Smith, Head of Chip Center of Excellence at Discover. "This expands the services available to acquirers and merchants, supporting our ongoing efforts to streamline certification and deployment processes globally for EMV."

**About Galitt US** ([www.galitt.us](http://www.galitt.us)) – Galitt has been dedicated for 25 years to providing education, consultancy, testing and certification services for payment systems and secure electronic transactions. Galitt US, with the support of its parent company in France, is focused on assisting US stakeholders in a swift, efficient and streamlined process with their EMV migration. Galitt has been helping financial institutions including Issuers, Acquirers, Processors, ISOs, ISVs, VARs and Merchants migrate to EMV since the first European deployments. Now, Galitt US actively assists US customers with a wide array of services ranging from: off-the-shelf EMV education courses; Brand qualified EMV test tools; as well as EMV consulting and certification services. Galitt also provides expertise in emerging payments, including GlobalPlatform and NFC technologies.
